

National Drug Discovery Center Ltd – Advancing drug related innovations from Finland

Tarja Enala

Chief Specialist, Ministry of Economic Affairs and Employment of Finland

is a life science business professional, with over 25 years of international experience in the health & wellbeing; medical device, diagnostics and pharmaceutical industries.

She has been responsible of driven growth for several operational and R&D functions, business development, marketing and sales, working in global teams. Recently she has been responsible of establishing and starting the operations of the state owned special assignment company Finnish Drug Discovery Center Ltd at the Ministry of Economic Affairs and Employment of Finland.

She has held a key role in promoting new health foreign direct investments (FDI) into Finland and building up several sustainable joint projects and ecosystems between universities and companies. She has also a strong experience in the commercialization of university-based research results and innovations into international success stories. Ms. Enala holds Master of Science degree in biochemistry.
